Expands Fremont Location by 80%, Significantly Increasing Capacity
```

Expansion highlights continued worldwide growth and enhanced product capabilities

Fremont, CA (February 22, 2012) – Lorom West, a premier manufacturer of high quality OEM/ODM turnkey products and custom cables, wire harnesses and PCB assemblies, today announced a manufacturing facility expansion in the company’s Fremont, CA location, following a corporate trend towards increased capacity and diversified product lines.

This expansion follows last month’s announcement of Lorom Group’s first line of off-the-shelf data center cable solutions and gives Lorom West 52,000 square feet of space (up from 32,000 square feet.) The expansion adds to the Lorom Group’s total worldwide space in China, India and the US of over 5.2 million square feet of manufacturing and design space.

According to Greg Gaches, President of Lorom West, “The recent expansion of our Fremont facility underscores Lorom West’s continued focus on high quality, local manufacturing capabilities. By expanding, we are better able to meet the growing demands of our customers.”

LOROM West in Fremont, California is a leading provider of cables, wire harness, PCB and high quality OEM/ODM products featuring advanced engineering and high quality prototype-to-volume-production process management. For more information, please visit www.loromwest.com
